WHAT ARE CAPITAL CREDITS?

- 1

Cass County Electric tracks how much electricity you buy and how much money you pay for it throughout the year.
- 2

We pay the bills for things like power generation, maintenance, and new construction.
- 3

Then, at the end of the fiscal year, the board of directors determines if there are excess revenues, called margins.
- 4

Next, the cooperative allocates those margins to members as capital credits based upon their electric bill.
- 5

Lastly, your board of directors decides to retire, or pay, the capital credits when our financial condition permits.

HOW DO I RECEIVE MY CAPITAL CREDITS?

CREDIT ON BILL:
Members with an active account

OR

CHECKS ISSUED:
Inactive, former members
A minimum \$5 capital credit amount must be met.

\$2 million

The Cass County Electric Board of Directors has approved a general retirement of capital credits to qualifying members that received service prior to 1999.

Search our list of unclaimed capital credits at CassCountyElectric.com/capital-credits to see if anyone you know is owed money from Cass County Electric Cooperative!

- UNCLAIMED CAPITAL CREDITS -

In March 2020, Cass County Electric Cooperative directors approved a general retirement of \$2 million in capital credits to members who purchased electricity prior to 1999. This is a list of individuals whose capital credit checks were returned or uncashed from this retirement. *If you recognize a name, please let the individual know that they can contact Cass County Electric Cooperative at 800-248-3292 or info@kwh.com to claim their capital credit check.*

Previous years' recipients can be located at CassCountyElectric.com/capital-credits.
