

Cass County Electric Cooperative Donation Guidelines

Cass County Electric Cooperative has a long and proud history of quality service and commitment to its members and communities. It strives to play an active and meaningful role in these communities. Our Sponsorship and Donation Program is one more way we support our member-owners.

In order for CCEC to process your request as efficiently and quickly as possible, please fill out the form in its entirety four weeks before your event. Your patience is appreciated, as the cooperative receives over a thousand requests yearly. Guidelines include:

CCEC adheres to the following guidelines for donations and sponsorships:

- The requesting entity must be based within the CCEC service territory.
- The requesting entity must conduct the majority of its charitable activity within the CCEC service territory.
- CCEC does not give to fundraisers for individuals unless there is a familial relation to a cooperative employee.
- CCEC does not sponsor teams, religious organizations, or individuals, nor do we provide travel funds.
- CCEC does not donate for teams to attend/participate in an event. If approved, CCEC may sponsor the event itself.
- Due to the large number of requests received by CCEC and a limited budget, not every request obtains funding.
- Donations are limited to one request per organization per calendar year.
- CCEC reserves the right to consider donations outside of these parameters.

Preference will be given to donations that:

- Are focused on providing education.
- Provide services to youth and senior members.
- Provide essential services/resources/support.
- Fire and rescue organizations.
- Are significantly in need of CCEC's assistance.
